

DEPARTMENT OF THE ARMY
JOINT BASE MYER-HENDERSON HALL
204 LEE AVENUE B-12
FORT MYER, VIRGINIA 22211-1199
16 JULY 2010

JBM-HH Regulation 190-15

Directorate of Emergency Services
JOINT BASE MYER-HENDERSON HALL

UNIFORM TRAFFIC POLICY

Summary: This regulation establishes traffic and vehicle responsibilities of vehicle operators on Joint Base Myer-Henderson Hall (JBM-HH), which includes Fort Myer, VA, Henderson Hall, VA, and Fort McNair, DC.

Applicability: This regulation applies to all residents of JBM-HH, units and activities assigned and/or attached to JBM-HH, including partner activities, and all visitors and personnel utilizing JBM-HH installations.

Proponent: The proponent of this regulation is JBM-HH, Directorate of Emergency Services (DES)/Provost Marshal Office (PMO).

Supplementation: Supplementation of this regulation and establishment of command and local forms are prohibited without prior approval of the JBM-HH PM, 204 Lee Avenue B-12, Fort Myer, VA 22211-1199 or telephonically call (703) 696-3197.

Suggested Improvements: Users are invited to send comments and suggested improvements on DA Form 2028 directly to Joint Base Myer-Henderson Hall, Directorate of Emergency Services, ATTN: IMNE-MHH-ES, 204 Lee Avenue B-12, Fort Myer, VA 22211-1199, or telephonically call (703) 696-3197.

Distribution: This regulation is distributed solely through the JBM-HH Homepage at www.jbmhh.army.mil.

Chapter 1

Introduction

1-1. Purpose. To establish a traffic and vehicle regulation for the JBM-HH community and to prescribe the responsibilities of vehicle operators on the installation. For military and civilian personnel, violation of the provisions of this regulation will provide a basis for criminal prosecution under the Uniform Code of Military Justice (UCMJ), State, Federal or Department of Defense (DoD) regulations and directives as they apply.

1-2. Scope. This regulation applies to all units and activities assigned and/or attached to JBM-HH, including partners and training units.

1-3. Policy. The entry of motor vehicles into JBM-HH is permitted by the Joint Base Commander under the conditions prescribed by this regulation. In any case not covered by this regulation, the traffic laws of the State of Virginia and/or the District of Columbia apply. In accordance with DOD 5200.8-R, dated 9 April 07, after entering this installation, the driver subjects himself/herself and his/her vehicle to search and inspection by law enforcement officials. Law enforcement officials may:

- a. Inspect, for mechanical condition, any vehicle that is operated on this installation.
- b. Impound, exclude, or remove from JBM-HH property, any stolen or abandoned vehicle, or any vehicle operated by a person under the influence of intoxicants and drugs.

1-4. Responsibilities. The privileges of registering a motor vehicle and operating a motor vehicle on JBM-HH will be granted, suspended, or terminated by the Provost Marshal or the Chief of Police under delegated authority of the Joint Base Commander in accordance with the provisions of this regulation. The Provost Marshal or the Chief of Police under delegated authority by the Joint Base Commander is the authority for enforcement and administration of suspension and revocation acts. Unit Commanders will inform the JBM-HH Directorate of Emergency Services (DES) of any information pertaining to the registration and driving qualifications of personnel under their command. In the case of civilian personnel, JBM-HH directors, commanders of partner units, and supervisors will furnish information through the Civilian Personnel Advisory Center (CPAC) to the JBM-HH DES, 204 Lee Avenue B-12, Fort Myer, VA 22211.

a. Unit Commanders, directors, principal staff officers, and commanders of partner units will:

(1) Ensure all newly assigned or employed personnel, including personnel on temporary duty with an organization for three days or more are made aware of the contents of this regulation.

(2) Ensure clearance procedures include out-processing with the Vehicle Registration Section when the registrant of a Privately Owned Vehicle (POV) is transferred, discharged, assigned lengthy tours outside the JBM-HH area, or the vehicle is disposed.

b. Registrants and operators are responsible for compliance with the regulation.

c. Persons observing traffic violations may register a complaint by telephoning the JBM-HH DES desk officer. The location, time, license number, installation decal number (if applicable), and names of other complainants should be provided.

Chapter 2 Procedures

2-1. Installation Registration.

a. All personnel who live or work within JBM-HH, or often use the facilities shall register their vehicle and obtain and display on the vehicle, the appropriate installation registration decals. Also, individuals who access the installation for regular activities, such as use of medical facilities and recurring activities, should register their vehicles.

b. Installation decals may be revoked or denied under the following conditions:

(1) The owner fails to comply with the registration requirements.

(2) The displayed decal is not legible.

(3) The owner sells or disposes of the POV, is released from active duty, separates from the service, or terminates civilian employment.

(4) The owner is other than an active duty military or civilian employee and discontinues regular operations of the POV on the installation.

(5) The owner's state driver's license is suspended or revoked or the installation driving privilege is revoked. When vehicle registration is terminated in conjunction with the revocation of installation driving privileges, the affected person must apply to re-register the POV after the suspension expires or upon reinstatement of driving privileges.

c. Registration should not be terminated if other family members having installation driving privileges require use of the vehicle.

2-2. Stopping, Standing and Parking.

a. Federal law references: Authority of the government to assimilate state code to regulate parking, DoD Instruction 6055.4, "DoD Traffic Safety Program," 20 April 2009; Delegation of Authority to the Secretary of Defense by the Administration, General Services Administration, March 20, 1981; Title 18, United States Code, Section 13; and 32 Code of Federal Regulations (CFR) 634.25(f).

b. General parking prohibitions.

(1) No person shall park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control device.

(a) On a sidewalk.

(b) In front or within five feet of either side of a public or private driveway.

(c) Within an intersection.

(d) Within 15 feet of a fire hydrant.

(e) On a crosswalk.

(f) Within 20 feet of a crosswalk at an intersection; where there is no crosswalk at an intersection, no person shall park a vehicle within 20 feet from the intersection of curblines, or, if none, then within 15 feet of the intersection of property lines.

(g) Within 30 feet on the approach to any flashing beacon or traffic-control signaled located at the side of a roadway, unless a different length is indicated by official signs or markings.

(h) Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by official signs or markings.

(i) Within 15 feet of the driveway entrance to any fire station and, on the side of a street opposite the entrance to any fire station or rescue squad building, up to 75 feet from the entrance, when properly posted.

(j) Alongside or opposite any street excavation or obstruction when such parking would obstruct traffic.

(k) At any place where official signs prohibit parking.

(2) Any person who violates provisions of any subsection shall be punished by receipt of a traffic citation for each offense, subject to fines and towed at the owner's expense.

c. Parking Tickets. In case of violation of any parking regulation, the police officer who has witnessed such violation may, instead of making an arrest, issue the accused either a DD Form 1408 or Central Violations Bureau (CVB) notice, formerly known as the DD Form 1805; or if such person is not present, attach a DD Form 1408 or CVB to the vehicle.

2-3. Administrative and Judicial Action.

a. All personnel who operate a military or privately owned vehicle within the boundaries of JBM-HH, to include concessionaires and commercial vehicle operators (or their authorized representatives), are subject to appropriate action for violation of this regulation.

b. Administrative action imposed under the provisions of this regulation does not preclude the unit commander, or supervisor in the case of civilian personnel, from initiating appropriate disciplinary action under the UCMJ or appropriate civilian regulations.

c. A violation of this regulation or the traffic laws of the state of Virginia may result in adverse administrative action and/or judicial proceedings under the UCMJ or federal law.

Any person receiving a CVB notice showing a specific violation, may, within 21 days thereafter, pay the collateral shown on the violation to the CVB by mail to the address shown on the envelope portion of the citation, or any person contesting the citation may appear in court on the date shown on the citation. Failure to complete one or the other may result in the issuance of a Federal Warrant for citation delinquency.

d. All DD Form 1408 citations will be forwarded to the unit commander or agency director for administrative action. Unit commanders and agency directors are required to respond to the JBM-HH DES in writing within five working days advising of the nature of the action taken.

e. The "Three Strikes" will be used in lieu of Traffic points. This allows the installation commander's prerogative to issue, suspend, revoke, deny, or reinstate installation driving privileges. The Three Strike rule will apply when a violator receives three (3) or more written citations within a year of the first violation. Annex A addresses the "Three Strikes" driving privilege suspension program that the Director of Emergency Services, who has been delegated authority from the Joint Base Commander, may choose to use for corrective action.

2-4. Suspension/Revocation of Driving Privileges.

a. The Joint Base Commander may suspend or revoke the installation driving privileges of any driver upon receiving a record of such driver's conviction of any of the following offenses:

(1) Homicide or manslaughter by vehicle.

(2) Driving or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug to a degree which renders the driver incapable of safe driving (0.08 percent or greater blood-alcohol concentration is prima facie indication of being under the influence thereof). Drunk driving cases resulting in less than 0.08 percent blood concentration are subject to revocation. In such cases, other factors will be considered in sustaining the revocation action. This includes, but is not limited to, previous record of drug and alcohol abuse, previous driving record, and chain of command recommendations.

(3) Driving or permitting the operation of an uninsured vehicle in violation of the financial responsibility, or the compulsory insurance law as required by state or local law.

(4) Any felony in the commission of which a motor vehicle was used.

(5) Failure of the driver to stop, render aid, or identify himself/herself as required by this regulation or applicable state code in the event of a motor vehicle accident resulting in the death or injury of another.

(6) Perjury or making false affidavit or statement under oath to responsible officials under law or regulations relating to the ownership or operation of motor vehicles.

(7) Unauthorized use of a motor vehicle belonging to another in which the act does amount to a felony.

(8) Failure to appear in court at the court specified time for offenses requiring mandatory appearance.

(9) Driving while driver's license or installation driving privileges are under suspension or revocation. A two (2) year revocation is mandatory on determination of facts by the DES or the Chief of Police. For Army, five (5) year revocation is mandatory.

(10) For refusal to submit to or failure to complete chemical tests (implied consent). A one (1) year revocation is mandatory on determination of facts by the Joint Base Commander.

(11) A one (1) year revocation is mandatory upon conviction for the following:

(a) Manslaughter (or negligent homicide by vehicle) resulting from the operation of a motor vehicle.

(b) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor (0.08 percent or greater on DoD installations; violation of civil law off post).

(c) Driving a motor vehicle while under the influence of any narcotic, or while under the influence of any other drug (including alcohol) to the degree rendered incapable of safe vehicle operation.

(d) Use of a motor vehicle in the commission of a felony.

(e) Fleeing the scene of an accident involving death or personal injury (hit and run).

(f) Perjury or making a false statement or affidavit under oath to responsible officials relating to the ownership or operation of motor vehicles.

(g) Unauthorized use of a motor vehicle belonging to another, when the act does not amount to a felony.

(12) Discretionary suspension for a period of six (6) months or less, or revocation for a period not to exceed one (1) year for the following:

(a) Mental or physical impairment (not including alcohol or other drug use) to the degree rendered incompetent to drive.

(b) Commission of an offense in another state which, if committed on the installation, would be grounds for suspension or revocation.

(c) Permitting an unlawful or fraudulent use of an official driver's license.

(d) Conviction of the offenses of fleeing, or attempting to elude, a police officer or similar offense under the law of any state.

(e) Conviction of racing on the highway.

b. Any person who has his/her privately owned vehicle or installation driving privileges suspended or revoked may also have his/her permit to operate a government vehicle suspended or revoked. However, such action will be considered on a case-by-case basis by the unit.

c. Revocation of the JBM-HH registration requires removal of the decal and all associated tabs.

2-5. Restoration of Driving Privileges.

a. Military members must successfully complete a prescribed course in remedial driver's training before driving privileges are reinstated.

b. Application of military personnel for restoration of driving privileges will be submitted through channels to the Joint Base Commander. Applications will be reviewed by the DES and recommendations made to the Joint Base Commander. Applications by dependents will be initiated by the sponsor and processed in the same manner as for military personnel.

c. Civilian employee applications for restoration of driving privileges other than for dependents will be submitted, with the appropriate recommendation of their supervisor, to the Joint Base Commander.

d. Application for restoration of driving privileges for all other individuals will be submitted to the DES and will be forwarded to the Joint Base Commander with appropriate recommendations.

2-6. Notice Prerequisite to Issuance of Summons for Violation of Parking Regulations.

Before any summons shall be issued for the prosecution of a violation of a regulatory provision of the government regulated parking against a vehicle where a driver is not present, the violator shall have been first notified by mail at his last known address, or at the address shown for such violator on the records of the department of motor vehicles, that he may pay the fine provided by law for such violation within five days of receipt of such notice; and the authorized person issuing such summons shall be notified that the violator has failed to pay such fine within such time. The notice to the violator required by the provisions of this section shall be contained in an envelope bearing the words "Law Enforcement Notice" stamped or printed on the face thereof in 14 points or larger type.

2-7. Presumption Regarding Responsibility for Violations. In any prosecution charging a violation of this article or applicable regulation, proof that the vehicle described in the complaint, summons, parking ticket citation was parked in violation of this article or applicable regulation, together with proof that the defendant was at the time the registered owner of the vehicle, as required by local law, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who committed the violation.

2-8. Stopping on Highways.

a. No person shall stop a vehicle in such manner as to impede or render dangerous the use of the highway by others, except in the case of an emergency, an accident, or a mechanical breakdown. In the event of such an emergency, accident, or breakdown, the emergency flashing lights of such vehicle shall be turned on if the vehicle is equipped with such lights and such lights are in working order. If the driver is capable of doing so and the vehicle is movable, the driver may move the vehicle only so far as is necessary to prevent obstructing the regular flow of traffic; provided, however, that the movement of the vehicle to prevent the obstruction of traffic shall not relieve the law enforcement officer of his duty. A report of the vehicle's location shall be made to the nearest law enforcement officer as soon as practicable, and the vehicle shall be moved from the roadway to the shoulder as soon as possible and removed from the shoulder without unnecessary delay. If the vehicle is not promptly removed, such removal may be ordered by a law enforcement officer at the expense of the owner if the disabled vehicle creates a traffic hazard.

b. No person shall leave any vehicle, attended or unattended, upon the paved, improved or main-traveled portion of any highway, outside of a business or residence district, when it is practicable to leave such vehicle standing off the paved, improved or main-traveled portion of such highway.

2-9. Position of Parked Vehicles. No vehicle shall be stopped except close to and parallel to the right edge of the curb or roadway, except that a vehicle may be stopped close to and parallel to the left curb or edge of the roadway on one-way streets, or may be parked at an angle where permitted by the government with respect to streets under its jurisdiction. In no instance shall such vehicle be parked with the near wheels farther than six inches from the curb.

2-10. Stopping in Vicinity of a Fire or Emergency. No vehicle shall be stopped at or in the vicinity of a fire, vehicle or airplane accident, or other area of emergency, in such a manner as to create a traffic hazard or interfere with law enforcement officers, firefighters, rescue workers, or others whose duty it is to deal with such emergencies. Any vehicle found unlawfully parked in the vicinity of a fire, accident, or area of emergency may be removed by order of a law enforcement officer or, in the absence of law enforcement officer, by order of the uniformed fire or rescue officer in charge, at the risk and expense of the owner, if such vehicle creates a traffic hazard or interferes with the necessary procedures of law enforcement officers, firefighters, rescue workers, or others whose assigned duty it is to deal with such emergencies. The charge for such removal shall not exceed the actual and necessary cost. Vehicles being used by accredited information services, such as press, radio, and television, when being used for the gathering of news, shall be exempt from the provisions of this section, except when actually obstructing the law enforcement officers, firefighters, and rescue workers dealing with such emergencies.

2-11. Exemption for Highway Construction and Maintenance Vehicles.

The provisions of this regulation shall not apply to any vehicle owned or controlled by the department of public works or the government while actually engaged in the construction, reconstruction, or maintenance of highways.

2-12. Flares and Other Signals Relating to Disabled Vehicles.

a. Whenever any bus, truck, trailer, house trailer, or manufactured home is disabled and stops on any portion of any street or highway in the government, at any time during which lights are required on motor vehicles, the operator of such vehicle shall place or cause to be placed on the roadway three red flares or torches. One of the flares or torches shall be placed in the center of the lane of traffic occupied by the disabled vehicle and not less than 100 feet there from in the direction of traffic approaching in that lane, a second not less than 100 feet from such vehicle in the opposite direction and a third at the traffic side of such vehicle not closer than 10 feet from its front or rear. However, if such vehicle is disabled within 500 feet of a curve or crest of a hill, or other obstruction to view, the flares or torches in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than 500 feet from the disabled vehicle. Red reflective triangular warning devices may be used in lieu of flares or torches.

b. If any such vehicle is used for the transportation of flammable liquids in bulk, whether loaded or empty, or for transporting inflammable gases, red flares or red electric lanterns of a type approved by the superintendent of state police shall be used. Such reflectors or lanterns shall be lighted and placed on the roadway in the manner provided in subsection (a) of this section.

c. During such time as lights on motor vehicles are not required, red flags not less than 12 inches both in length and width shall be used in the place of flares, torches, or lanterns. The flags shall be placed on the roadway in the manner prescribed in subsections (a) and (b) of this section for flares, torches, and lanterns, except that no flag shall be required to be placed at the side of such vehicle. If the disablement of such vehicle continues into the period when lights on motor vehicles are required, flares, torches, reflectors, or lanterns shall be placed as required by subsections (a) and (b) of this section. Red reflective triangular warning devices of a type approved by the superintendent may be used in lieu of flags.

2-13. Use of Hazard Lights. Motor vehicles, trailers, and semi-trailers, when temporarily stopped on the traveled or paved portion of the highway so as to create a traffic hazard, shall flash all four turn signals simultaneously to signal approaching motorists of the existing hazard whenever such vehicle is equipped with a device which will cause the four turn signals to flash simultaneously. All four turn signals may be flashed simultaneously on a vehicle slowed or stopped at the scene of a traffic hazard or when traveling at a speed of 30 miles per hour or less, but in no other event shall all four signals be flashed simultaneously while the vehicle is traveling faster than 30 miles per hour.

2-14. Leaving Vehicle Unattended. No person having control of a motor vehicle shall allow such vehicle to stand on any highway unattended without first effectively setting the emergency or parking brake thereon, stopping the motor, and turning the front wheels into the curb or side of the roadway.

2-15. Backing to Curb. No vehicle shall be backed to a curb, except during the time actually engaged in loading or unloading merchandise there from except when parking in designated parking lot.

2-16. Angle Parking. The federal government may, when the public interest so requires, provide for angle parking on any street or portion thereof; provided. However, such streets are marked so as to apprise an ordinarily observant person of the regulation.

2-17. Parking Vehicle Without Current State License Plate or Decal. It shall be unlawful for any person to park any vehicle having no current state or District of Columbia license plate or required decal(s), if any is required, on any highway or street within the JBM-HH boundaries.

2-18. Parking Areas for Non-resident JBM-HH Personnel. Parking for non-resident JBM-HH personnel must be in designated areas. Violators parking in areas designated for residents only will be considered trespassing vehicles, and may be ticketed or towed at the owner's expense.

2-19. Parking Within the Boundaries of JBM-HH.

a. No person who is required to obtain a government vehicle decal shall park their privately owned vehicle on any highway or street within JBM-HH unless a current government decal is displayed. Parking within the boundaries of JBM-HH is restricted to residents, guests, and personnel employed on either JBM-HH or Ft. McNair only. Personnel may not park on the installation unless they have business on JBM-HH or Ft. McNair. Overnight parking is prohibited except for residents, guest, and those involved in official business and requires overnight parking. Parking within the boundaries is restricted to automobiles and motorcycles. All other vehicles, mobile homes, watercraft, and trailers are

prohibited from parking on JBM-HH. For further information refer to the parking of trailers or recreational vehicles in residential areas prohibited; exceptions section of this policy.

b. Commanders of service members residing in barracks within JBM-HH will issue a color-coded hangtag for the Service member's privately owned vehicle. Hangtag color will identify the service member's unit, the individual's name, and the vehicle information, i.e., make, model, license plate number, and state. Upon issuance, the service member is responsible for safeguarding, the hangtag and ensuring the tag is properly displayed while parked within the boundaries of JBM-HH. When a service member is no longer residing in barracks, the unit commander is responsible to collect the hangtag from the service member.

c. Generally.

(1) It shall be unlawful for the owner or operator of any motor vehicle to park vehicles on JBM-HH streets between the hours of 0600 and 1800, on any day except Sundays or any government wide holiday designated for more than the length of time designated by official signs placed along such streets.

(2) Notwithstanding the provisions of subsection (a) of this section, the Joint Base Commander or his designee shall have the authority to issue temporary daily permits which authorize and permit the parking of any motor vehicle on JBM-HH streets for more than the length of time designated on official signs placed along streets.

2-20. Parking by Yellow Curbs. No person shall park any vehicle by a curb, which has been painted yellow under the authority of the Joint Base Commander and or the Uniform Manual of Traffic Control Devices.

2-21. Following or Parking Near Fire Apparatus or Rescue Squad Vehicle. It shall be unlawful, on government property, for the driver of any vehicle, other than one on official business, to follow any fire apparatus or rescue squad vehicle traveling in response to a fire alarm or emergency call at any distance closer than 500 feet to such apparatus or rescue squad vehicle or to park such vehicle within 500 feet of where fire apparatus has stopped in answer to a fire alarm.

2-22. Parking of Commercial Vehicles in Residential Areas.

a. No person shall park any truck, bus, or other commercial vehicle on or along roads, highways, and streets in any area of the government zoned for residential uses; provided that, during regularly scheduled school hours, school buses may be parked in such residential areas by their drivers for a continuous period not to exceed six hours.

b. This section shall not be applicable to commercial vehicles picking up or discharging passengers or merchandise, or temporarily parked for necessary repairs or pursuant to the performance of work or service in residential areas.

c. For the purpose of this section, the term "commercial vehicle" shall mean every motor vehicle with a gross weight of more than 10,000 pounds or in excess of 21 feet in length or wider than 102 inches. The term "commercial vehicle" shall also include any construction equipment, cranes, well digging apparatus and other heavy equipment, except when such equipment is being used for construction activities at sites where building permits are in force.

d. For purposes of this section, vehicle length shall include all attachments, accessories or load on the vehicle, including any trailer. The width limitation in this section shall not include rear view mirrors, turn signal lights, handholds for cab entry and egress, splash suppressant devices, and load-induced tire bulge; however, safety devices, with the exception of rear view mirrors, shall not extend more than three inches on either side of the vehicle.

e. Any person found guilty of violating the provisions of the section shall be issued a citation and may be fined.

2-23. Parking of Trailers or Recreational Vehicles in Residential Areas Prohibited; Exceptions.

a. Due to limited parking space, it shall be unlawful for the owner, operator or driver, except while actively loading and unloading, to park a trailer on any public street, alley or other property in the JBM-HH community.

b. It shall be unlawful for the owner, operator or driver, except while actively loading and unloading, to park a recreational vehicle, watercraft trailer, or travel trailer on any public street, alley, or other property within JBM-HH. Long-term parking of recreational vehicles may be coordinated with Fort Belvoir or other outside storage facilities.

c. *Fort McNair Residents.* Residents of Fort McNair ONLY, may coordinate parking/storage of their recreational vehicle, watercraft trailer, or travel trailer through the JBM-HH Executive Housing Management Division (EHMD). Fort McNair has a designated storage area with eight spaces. The following rules and restrictions apply for storage at the McNair area. Contact the JBM-HH EHMD at 703-696-7076/1147/0849 for more information.

(1) Storage spaces are assigned on a first come, first serve basis.

(2) Only one space will be allotted per resident family. Residents cannot have more than one space at a time.

(3) The total length of the RV or trailer must not exceed 33 feet in length, nor 10 feet in width.

(4) Generators shall not be stored or operated in these spaces.

(5) Connecting to power outlets in the vicinity of these spaces is prohibited.

(6) Unauthorized parking of trailers, recreational vehicles and watercraft in these spaces (non Fort McNair residents and/or personnel who have not coordinated for use through EMHD) will be cited and/or removed per the JBM-HH commander.

(7) JBM-HH EHMD will provide a current occupant roster to the Provost Marshal.

(8) The Joint Base Commander and the Provost Marshal are not responsible for the security of these trailers/recreational vehicles, nor equipment placed in them. Residents accept all risk to their property by choosing to utilize these spaces. JBM-HH will not be responsible for damage to or theft of personal property placed in these spaces.

2-24. Stopping, Standing or Parking in Bus Stop. Where a bus stop has been set apart by the government, the following regulations shall apply as to the use thereof: No person shall stop, stand or park a vehicle other than a bus in a bus stop, when such stop or stand has been officially designated and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in the expeditious loading or unloading of passengers when such stopping does not interfere with any bus waiting to enter or about to enter such zone.

2-25. Parking for Person with Disabilities.

a. Pursuant to local laws and motor vehicle ordinances which have application to the government are hereby incorporated by reference and made a part of this chapter as fully as though set out in this section. Vehicles displaying disabled parking license plates or placards may be parked in time-restricted or metered spaces.

b. A fine of not less than \$100.00 and not more than \$500.00 may be imposed for parking a vehicle not displaying disabled parking license plates, organizational removable windshield placards, permanent removable windshield placards, or temporary removable windshield placards issued by the Department of Motor Vehicles (DMV) or disabled parking license plates issued by the DMV, in a parking space reserved for persons with disabilities, or for a person without a disability that limits or inhibits his ability to walk or park a vehicle displaying such plates or placards in a space reserved for persons with disabilities except when transporting a disabled person in the vehicle.

2-26. Parking in Residential Areas. Generally no person shall stand or park a vehicle on any private lot or lot area without the express consent of the quarter's occupant or in violation of properly posted signs or markers indicating prohibited or limited parking installed pursuant to the provisions of this regulation. Whenever signs or markings have been erected on any lot or lot area contiguous or adjacent to a street, thoroughfare or alley indicating that no vehicles are permitted to stand or park thereon, it shall be unlawful for any person to drive a vehicle across any curb, lot line, or over any driveway from a street or alley into such lot or area for the purpose of standing or parking such vehicle or for any person to stop, stand or park any vehicles in such lot or lot area.

2-27. Enforcement of Parking Regulations on Government Property.

a. Notwithstanding any other provision of this policy to the contrary, there may be posted, in accordance with the provisions of subsection (b) of this section, proper signs or markers indicating prohibited or limited parking of motor vehicles upon government owned parking lots open to the public.

b. JBM-HH law enforcement officials shall enforce all of the provisions of this regulation, including, but not limited to, parking violations, on all existing and future parking lots located within JBM-HH. All official signs or other appropriate markings or devices regulating parking of vehicles shall be prepared and installed, at the expense of the federal government.

c. Any law enforcement officer properly enforcing this regulation shall not be subject to any civil or criminal action for trespassing while enforcing the law in or upon any property in public use but not in public ownership.

2-28. Parking in Fire Lanes.

a. It shall be unlawful for any person to park any vehicle in any fire lane, marked by signs and yellow curb painting, in or upon any private parking area, such as shopping center parking lots, open to the use of the general public.

b. Any person who shall violate provisions of subsection (a) of this section shall be punished by a citation, subject to fines and towed at owner's expense.

2-29. Liability of the Government Parking Accommodations as to Motor Vehicles and Property Left Therein.

a. No action shall lie or proceeding be brought against the federal government maintaining a parking lot at which parking accommodations are provided for customers or employees of such business, when a motor vehicle is parked in such parking lot, for the total or partial loss of any motor vehicle because of theft or damage by any person.

b. As used in the section, the term "parking accommodations" means parking accommodations for which no specific charge is made, and the patronage of the business by customers and the performance of the regular services for the business by employees shall not constitute the payment of any consideration for the use of the parking accommodations.

c. Nothing in this section shall relieve any person of liability resulting from his own wrongdoing.

2-30. Immobilized and Unattended or Abandoned Vehicles. Removal by government authorized; disposition of vehicles removed by government. A vehicle will be determined as abandoned when any of the following conditions apply to a vehicle found within the boundaries of the JBM-HH community:

a. No registration.

b. Vehicle registration has expired.

c. Temporary registration has expired.

d. Registration plates of another vehicle are displayed.

e. Any unattended vehicle that blocks traffic.

f. Any vehicle in state of disrepair, unsightly, or that may cause a public safety hazard (e.g., on jack stands, leaking fluids, etc.).

g. Any vehicle deemed as abandoned by the Traffic Accident Investigations (TAI) Division Chief, Chief of Police, or Director of Emergency Services.

h. Any vehicle that interferes with street cleaning, snow removal or emergency operations during a natural disaster or fire.

i. Any vehicle, which has been used in a crime or contains evidence of criminal activity.

j. Any vehicle whose owner has been apprehended and is unable or unwilling to remove his vehicle.

k. Any vehicle disabled by a traffic accident.

l. Any vehicle interfering with an official ceremony within JBM-HH.

m. The display of "For Sale" vehicles within the JBM-HH community is forbidden by this regulation, except in an authorized resale lot, and may be tagged as abandoned if not compliant.

2-31. Specific Violations and Conditions Under Which a Vehicle May Be Towed.

a. Any vehicle that interferes with street cleaning or snow removal emergency operations during a natural disaster or fire.

b. Any vehicle, which has been used in a crime or contains evidence of criminal activity.

c. Any vehicle whose owner has been apprehended and unable or unwilling to remove his/her vehicle.

d. Any vehicle disabled by a traffic accident.

e. Any vehicle with expired state inspection sticker.

f. Immobilized on a public roadway by weather conditions or other emergency situation; any such motor vehicle, trailer, semi-trailer or part thereof may be removed for safekeeping by or under the direction of a police officer to a storage area.

g. The owner of any motor vehicle, trailer, semi-trailer or part thereof that is removed from JBM-HH property under this section shall indemnify the government against any loss or expense incurred by reason of the removal, storage or safe thereof.

h. Each removal under this section shall be reported immediately to the Traffic Accident Investigations Division Chief, Chief of Police, or Director of Emergency Services and notice thereof shall be given to the owner of the motor vehicle, trailer, semi-trailer or part thereof as promptly as possible. The owner of such vehicle, trailer, semi-trailer, or part thereof, before obtaining possession thereof, shall pay to the persons entitled thereto all costs incidental to the removal and storage and locating the owner of the motor vehicle, trailer, semi-trailer or part thereof. If such owner fails or refuses to pay the costs, or if the identity or whereabouts of such owner are unknown and unascertainable after a diligent search has been made, and after notice to him/her at his/her last known address, and to the holder of any lien or record in the office of the state issuing the last known registration of the motor vehicle, trailer, semi-trailer or part thereof, the vehicle shall be treated as an abandoned vehicle under the provisions of AR 190-5, Virginia State Code, or District of Columbia Municipal Regulation.

2-32. Procedures.

a. Tagging. Once a vehicle has been determined to be abandoned, the following action will be taken:

(1) JBM-HH-190-5, Abandoned Vehicle Notice, will be conspicuously placed on the vehicle, along with a DD Form 1408 (Armed Forces Traffic Ticket) or CVB.

(2) Vehicles tagged with JBM-HH-190-5 will have the Vehicle Identification Number (VIN) and/or license checked through the DMV/National Crime Information Center (NCIC) and a Central Operations Police Suite (COPS) check if the vehicle has a DoD Decal/Registration in order to identify the owner and attached to the JBM-HH-190-5.

(3) The owner will be allowed 72 hours from the date the vehicle is tagged to remove the vehicle before impoundment action is initiated.

b. Any motor vehicle identified as being abandoned will receive a completed JBM-HH-190-5. This pink copy will be attached to the windshield of the abandoned vehicle, the yellow copy will be forwarded to the police desk and original forwarded to the TAI Division for follow up. The removed within 72 hours from the time the notice was given.

(1) The second copy of the JBM-HH-190-5 will be attached to a DMV/NCIC check.

(2) All efforts in obtaining contact with the owner will be made.

c. If the vehicle has not been moved within the 72 hour grace period, the vehicle will be impounded. The impounding responsibility is assigned to the Impoundment Lot Custodian (ILC). Therefore, all impounding of vehicles will be coordinated with the ILC prior to any vehicle being placed into the Impoundment Lot. The unit 1SG or Commander will be contacted in cases involving military personnel prior to impounding the vehicle in an effort to allow the unit to handle the incident.

(1) Prior to an abandoned vehicle being impounded, a complete inventory will be conducted on the vehicle and its contents.

(2) A DD Form 2506, Vehicle Impoundment Report, will completely describe the exterior condition of the impounded vehicle (e.g., dents, scratches, gouges) and any deficiencies (e.g., broken head lamps, flat tires, missing hubcaps) noted on the vehicle.

d. Sub-voucher. A DA Form 4137 will be completed to receipt for any high value property that may be within the vehicle. These items will then be removed from the vehicle and released to the evidence custodian.

(1) In the event that a vehicle is brought to the law enforcement station for impoundment after normal duty hours and incident to a lawful police investigation, the above stated forms will be completed by law enforcement personnel directly involved with the investigation. A chain of custody will be maintained. In every case where a vehicle is impounded, a blotter entry will be made and a DA Form 3975, Military Police Report (MPR), completed.

(2) After the impoundment has occurred, the ILC will attempt to locate the owner through the DMV/NCIC check on the Vehicle Registration printout. Each vehicle will be checked carefully by VIN number and license plate to ensure that it is not stolen. If the owner(s) are known, an Impounded Vehicle Notification will be sent out by certified mail, return receipt requested, instructing them to notify this office concerning the disposition of the vehicle and that failure to do so will result in the release of the vehicle to the Defense Reutilization and Marketing Office (DRMO). The certified mail receipt will be sent back to the ILC to be retained within the file on the vehicle.

e. Initiate a case in COPS and apply the applicable state or federal code for an abandoned vehicle. Each folder will have a Military Police Report (MPR) number and a TAI number and the items included below:

- (1) JBM-HH-190-5, Abandoned Vehicle Notice, 1 Feb 2010.
- (2) DD Form 2505, Abandoned Vehicle Removal Authorization, May 2000
- (3) DD Form 2506, Vehicle Impoundment Report, 1 May 2000.
- (4) DA Form 4137, Evidence/Property Custody Document, 1 July 1976.
- (5) DA Form 3975, Military Police Report, 1 December 1998.
- (6) COPS vehicle registration report.
- (7) Copy of DD Form 2507, Notice of Vehicle Impoundment, 1 May 2000.
- (8) PS Form 3800, Return receipts from certified mail sent to registered owner.
- (9) 1 copy of Transcript of Vehicle Record (Mechanics or Storage Lien Transcript).

f. Final Disposition of Vehicle(s).

(1) In the event that a registered owner or lien holder claims the vehicle after Impoundment, but before the state required mechanical lien, the following procedure will be adhered to:

(a) Initial communication/notification by owner of intent to reclaim possession may be affected telephonically, by mail, or in person.

(b) Physical repossession, however, must be effected by the registered owner, lien holder, or legal representative in person.

(c) Repossessing person will report to the Impound Lot Custodian, to provide proof of registration, and proof of insurance prior to release.

g. Repossessing person must present individual identification title, or lien to the vehicle and, if legal representative, Power of Attorney.

(1) Repossessing person will proceed with the ILC to the Vehicle Impoundment Lot, at which time the vehicle is released. This will include a DA Form 4137 Sub-voucher involving high value property.

(2) In the event that the registered owner cannot be located within 120 days of impoundment, the following applies:

(a) Coordinate with the storage facility and get a copy of the Transcript of Vehicle Record.

(b) Provide a copy of the Transcript of Vehicle Record to owner or lien holder forwarded via registered mail.

(c) Transfer file to the inactive abandoned vehicle file.

(3) In the event that the registered owner is contacted, but chooses not to repossess the abandoned vehicle, a letter of release to the U.S. Government, DD Form 2507, will be completed by the owner and returned.

2-33. Contracts with Private Persons for Removal and Storage. The government shall have the power to enter into agreements or contracts with the owners or operators of garages or other places for the removal and storage of vehicles referred to in this regulation. The agreements or contracts shall provide for the payment by the owner or lien holder of reasonable charges for the removal and storage of such vehicles. This shall require such owners or operators to deliver such vehicles to the owners thereof or their agents, upon demand therefore and upon furnishing satisfactory evidence of identity and ownership or agency, and that the owners or operators of such garages or places of storage will indemnify the owners of such vehicles for injury or damage thereto resulting from the negligent removal or storage thereof, and such owners or operators shall be required to provide themselves with adequate liability insurance to cover such indemnity.

2-34. Removal or Immobilization of Motor Vehicles Against Which There Are Outstanding Parking Violations.

a. Any motor vehicle parked on the public highway or public grounds within JBM-HH against which there are three or more unpaid or otherwise unsettled parking violation notices may be removed to a place within the impound lot, or in an adjacent locality designated by the Traffic Section Chief for the temporary storage of the vehicle, or the vehicle may be immobilized in a manner which will prevent its removal or operation except by authorized law enforcement personnel.

b. It shall be the duty of the law enforcement personnel removing or immobilizing the motor vehicle, or under whose direction such vehicle is removed or immobilized, to inform as soon as practicable the owner of the removed or immobilized vehicle of the nature and circumstances of the prior unsettled parking violation notices for which the vehicle was removed or immobilized. In any case involving immobilization of a vehicle pursuant to this section, there shall be placed on the vehicle, in a conspicuous manner, a notice warning that the vehicle has been immobilized and that any attempt to move the vehicle might damage it.

c. The owner of an immobilized vehicle, or other person acting on his/her behalf, shall be allowed at least 24 hours from the time of immobilization to repossess or secure the release of the vehicle. Failure to repossess or secure the release of the vehicle within that time period may result in the removal of the vehicle to a storage area for safekeeping under the direction of law enforcement personnel.

d. The owner of the removed or immobilized motor vehicle, or other person acting on his/her behalf, shall be permitted to repossess or to secure the release of the vehicle by payment of the outstanding parking violation notices for which the vehicle was removed or immobilized and by payment of all costs incidental to the immobilization, removal, and storage of the vehicle, and the efforts to locate the owner of the vehicle.

2-35. Parking in Areas Other Than Designated Spaces Prohibited. In reserved parking areas, there shall be no parking except as designated by official signs.

2-36. Installation of Designation of Spaces. It shall be the duty of the Joint Base Commander or his/her designee to cause to be installed, signs designating restricted or reserved parking and such spaces to be designated by lines or marks on the curb or on the street about or alongside of each restricted or reserved space.

2-37. Off-street Parking Lots and Areas. Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

a. "*Parking lot*" means any legal space for motor vehicle parking, lot, parcel, yard or enclosure, or any portion thereof, where more than five motor vehicles may be parked, stored, housed or kept.

b. The Joint Base Commander or his/her designee may establish, from time to time as conditions require, off-street parking lots and areas.

2-38. Establishment of Hours of Operation and Use of Permits and Collection Devices. The government shall establish, from time to time as conditions require, parking motor vehicles on off-street parking lots and area, the hours of operation and the use of any permit or device to be placed or erected for the regulation or authorization of parking on such lots.

2-39. Display of Permit. It shall be unlawful for any person to park any motor vehicle on any off-street parking lot area, or portion thereof, on which parking is restricted by posted notice of parking restriction.

2-40. Vehicles to be Parked Within Marked Spaces.

a. It shall be unlawful for any person to park any motor vehicle on any municipal off-street parking lot except within the lines and markings established for motor vehicle parking spaces.

b. Any person who shall violate any of the provisions of this division is subject to punishment by a fine for each offense, and subject to greater fines imposed by a court of law or issuance of a federal warrant if not paid within the time period prescribed by the central violation bureau.

2-41. Snow Emergencies.

a. Generally. During periods of snow and ice emergencies, the Joint Base Commander may close roads except for emergency vehicle use. After the determination that installation roads conditions are hazardous and roads are closed, it will be unlawful for any driver to obstruct the flow of traffic due to lack of adequate traction equipment. For the purpose of this provision, snow tires, chains, or four-wheel drive will be considered adequate equipment. Vehicles left abandoned during such periods may be towed by civilian wrecker at the owner's expense. In such cases, law enforcement personnel are not required to "tag" vehicles or give advance notification. They will, however, attempt to notify the owner of the action taken and where the vehicle is located.

b. Whenever the Joint Base Commander finds on the basis of falling snow, sleet, or freezing rain or on the basis of a forecast by the U.S Weather Service or other weather service of snow, sleet, or freezing rain that weather conditions will make it necessary that motor vehicle traffic be expedited and that parking on government streets be prohibited or

restricted for snow plowing and other purposes, the Joint Base Commander shall put into effect a parking prohibition on parts of or all snow emergency routes.

c. Notwithstanding the provisions of subsection (a) of this section, a parking prohibition shall automatically go into effect on any part of any snow emergency route on which there has been an accumulation of snow and ice.

d. Once in effect, a prohibition under this section shall remain in effect until terminated by an announcement by the Joint Base Commander or his/her designated representative. While the prohibition is in effect, no person shall park, or allow to remain parked, any vehicle on any portion of a snow emergency route to which it applies.

2-42. Use of Tire Chains or Snow Tires. No person operating a motor vehicle on a snow emergency route on which there is a covering of snow, sleet or ice shall allow such vehicle to become stalled wholly or partly because the drive wheels thereof are not equipped with effective tire chains or snow tires.

2-43. Announcement of Parking Prohibition.

a. The Joint Base Commander or his/her designee shall cause each declaration made by him/her pursuant to this provision to be publicly announce by means of broadcasts from sources with a normal operating range covering the government, and he/her may cause such declaration to be further announced in newspapers of general circulation and cable television when feasible. Each announcement shall describe the action taken by the garrison, including the time it became or will become effective, and shall specify the streets or areas affected. A parking prohibition declared by the Joint Base Commander shall go into effect four hours after it has been announced at least one time between or at such other time as designated by the Joint Base Commander.

b. The Joint Base Commander or his/her designee shall make or cause to be made a record of each time and date when any declaration is announced to the public in accordance with this section.

2-44. Termination of Parking Prohibition. Whenever the Joint Base Commander or his/her designee shall find that some or all of the conditions which give rise to a parking prohibition in effect no longer exist, he/she may declare the prohibition terminated, in whole or in part, in a manner prescribed by this division, effective immediately upon announcement.

2-45. Posting of Signs on Snow Emergency Routes and Snow Emergency Push Areas. On each street designated by this division as a snow emergency route, the Joint Base Commander shall post special signs at intervals not exceeding 1,500 feet with the wording "Snow Emergency Route, No Parking or Impeding Traffic Flow During Emergency, Towing Enforced." These signs shall be distinctive and uniform in appearance and shall be plainly readable to persons traveling on the street or highway and in accordance with the Uniform Manual For Traffic Control Devices.

2-46. Removal of Unlawfully Parked Vehicles. Members of the police department are hereby authorized to remove or have removed vehicle(s) from a street to the nearest public parking lot or other place of safety, or to an area designated or maintained by the police department, or otherwise maintained by this government, when:

a. The vehicle is parked on a part of a snow emergency route on which a parking prohibition is in effect.

b. The vehicle is stalled on a part of a snow emergency route on which there is a covering of snow, sleet or ice or on which there is a parking prohibition in effect and the person who was operating such vehicle does not appear to be removing it in accordance with the provision of this division.

c. The vehicle is parked in violation of any parking regulation or provision of law and is interfering or about to interfere with snow removal operations.

2-47. Citations. Whenever any motor vehicle without a driver is found parked or left in violation of any provision of this regulation, and is not removed and impounded as provided for in this regulation, the officer finding such vehicle shall take its registration number and any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such vehicle a traffic citation.

2-48. Designated Parking Areas. Procedure for creation, modification or deletion of designated parking areas:

a. Whenever the Joint Base Commander shall determine that the streets of a particular district or discrete portion of a district are being used for parking by the operators of vehicles while that operators of those vehicles are elsewhere, the Joint Base Commander may prohibit parking during the hours when such use has been found on those streets of those districts or portions of districts. Likewise, the Joint Base Commander may delete a restricted parking area if the need for such area no longer exists. Restricted parking areas may be created, modified, or deleted in any area deemed appropriate by the Joint Base Commander or his/her designee.

b. Creation, modification or deletion of designated parking areas must be submitted to the JBM-HH Directorate of Plans, Training, Mobilization and Security (DPTMS) for approval. Additionally, the DES must conduct a traffic survey on any proposed designated parking area to assess the impact on traffic flow and ensure the area does not hinder the rest of the community's ability to find adequate parking. Any new designated parking area shall only be effective after the formal notice has been approved by DPTMS. The notice shall clearly state the exact location and boundaries of the restricted parking area under consideration, the reasons why such area is being proposed for the creation, modification, or deletion of a designated parking area, and the hours during which parking shall be restricted. The formal notice shall also state an effective date for the proposed change, which effective date shall not be less than 30 days from the date of submission of the notice. Notice shall also be posted in a place open to the public.

c. However, failure to strictly comply with the notice and posting requirements shall not affect the validity of the action taken.

d. The formal notice shall contain a conspicuous statement that any interested person who is aggrieved by the decision of the Joint Base Commander to create, modify or delete a restricted parking designation in the stated area may petition the Joint Base Commander for a hearing on the matter.

2-49. Posting of Signs; Parking Permits.

a. Following the designation of a designated parking permit area, the JBM-HH DES will determine appropriate parking permits, if necessary, and shall coordinate with the Directorate of Public Works (DPW) for parking signs to be posted in the area, indicating the times, locations and conditions under which parking shall be allowed. The signs placed in such areas shall be of such a size and character as to readily inform an ordinarily observant person of the existence of the rules and regulations imposing such restrictions. Signs that are not approved for placement by DES and not created by DPW are not authorized, and will be subject to removal.

b. Reserved parking shall be granted only to the following people and under the following conditions:

(1) Persons who are residents of any particular area in which parking is so limited and has reached its the capacity, for every vehicle owned by those persons and legally registered a three vehicle limit will apply.

(2) Persons who are visitors of any residents of any particular area in which parking is limited in that particular area, parking will be valid for a stated period but no more than 30 days.

(3) Persons who do business with any resident or any particular agency in which parking is so limited during the posted hours of such restriction, limited to that particular area in which parking is so restricted and in which any such person so transacts business.

(4) Any such person shall show to the Joint Base Commander or DPTMS satisfactory evidence that he/she fulfills all the conditions for reserved parking. If the Joint Base Commander or DPTMS shall find the foregoing facts, combined with the findings of a traffic survey conducted by DES, further find that the issuance of reserved parking will not unduly impair traffic safety during the time of their validity or grossly reduce the amount of parking available to customers of other employees, he/she shall issue such approval and may limit the tenure of reserved parking.

c. Whenever the conditions for issuance of a reserved parking space no longer exist, the person holding such a reservation shall notify the Joint Base Commander or his/her authorized designee in writing that the space is no longer required. It shall be unlawful for any person to represent that he/she is entitled to designated parking when he/she is not so entitled, to fail to report the reserved space as no longer needed or to report that he/she is no longer entitled. Reserved parking spaces issued under this section shall be valid indefinitely provided the conditions for issuance still exist.

d. The Joint Base Commander or his/her authorized designee shall have the authority to withhold or revoke reserved parking for persons who have failed to pay traffic fines or violate post polices.

2-50. Exceptions. The parking prohibitions of this section shall not apply to service or delivery vehicles which are being used to provide services or make deliveries to dwellings.

2-51. Effective Times. The times during which parking is restricted under this section shall be in effect from the hours of 0600 to 1800 Monday through Friday, excepting all legal holidays.

2-52. Violations. The parking of any vehicle or the use of any reserved parking space in a manner contrary to the provisions of this policy or the regulations established by the Joint Base Commander pursuant to this provision is prohibited, and such parking or use of a reserved parking space is hereby declared to be unlawful and a traffic infraction. Any person violating this section shall, upon conviction thereof by a court of competent jurisdiction, be fined for each violation.

2-53. Traffic Control Devices.

a. The DES, in conjunction with the DPW, is responsible for the location of all traffic control devices, signs, and pavement markings on this installation. The DPW is responsible for their preparation and location. All traffic control devices and signs will conform to 23 CFR Part 655, Subpart F, Traffic Control Devices on Federal-Aid and Other Streets and Highways, Public Roads Administration, Federal Highway Administration, Department of Transportation (DOT) and Military Police Traffic Operations, FM 19-25. The DPW will coordinate with the DES prior to changing traffic control devices and signs.

b. No persons without proper authority will attempt to, or in fact erect, alter, deface, knock down, move any traffic control device, railroad signal or sign.

c. No driver of any vehicle will disobey any traffic control device or sign unless directed by law enforcement officials or otherwise authorized to do so under this regulation.

2-54. Resale Lot.

a. Residents of JBM-HH may place a "For Sale" sign in a window of their POV provided the vehicle is parked in a space designated for the resident's quarters and that the vehicle is fully operational. Used vehicles for sale may not be displayed in a neighboring parking spot or left unattended in or on any other portion of JBM-HH or Fort McNair.

b. Upon the development of an approved resale lot those owners desiring to leave a vehicle unattended and parked for an extended period of time with the intent to sell the vehicle may coordinate such action through the Morale, Welfare, and Recreation (MWR) Directorate.

2-55. Motorcycle Safety.

a. Operators of privately or government-owned motorcycles and mopeds must be currently licensed by civil authorities to drive motorcycles or mopeds on public roadways, except where not required by local laws. Mopeds will not carry passengers unless specifically designed to do so.

b. Each driver of a privately or government-owned motorcycle or moped will be required to satisfactorily complete a DoD approved motorcycle safety course. The course will consist of classroom instruction, hands-on training, and the successful completion of hands-on and written evaluation. The document verifying course completion will be carried at all times by the driver to verify training completion.

c. Motorcycles and mopeds must have headlights turned on at all times.

d. Service members will wear properly fastened, approved helmets whenever and wherever (on and off post) they operate or ride a motorcycle or moped. Civilian personnel must wear a helmet while driving or riding as a passenger on a motorcycle or moped on

military installations or while on Government business off the installation. The helmet will be properly fastened (under the chin) and meet DOT motorcycle safety helmet construction standards. (The Army and Air Force Exchange Service, the Navy Resale System, and the Marine Corps Exchanges offer for sale only those helmets that meet at least the DOT standards.)

e. Service members will wear proper eye protection, full-fingered gloves, long trousers, long-sleeved shirt or jacket, high-visibility garments (retro-reflective for day and night), and leather boots or over-the-ankle shoes whenever and wherever they operate or ride a motorcycle or moped. Civilian personnel must wear the same protection clothing specified for Service members when operating or riding a motorcycle or moped on Army installations or while on Government business off the installation. Proper eye protection includes clear goggles or a face shield attached to the helmet. A motorcycle or moped windshield or fairing is not considered proper eye protection.

f. Government-owned motorcycles and those motorcycles and mopeds registered on any installation by service members must have two rearview mirrors (one mirror on each side). Motorcycles and mopeds owned by civilian personnel and operated on a military reservation must also have two rear view mirrors (one mirror on each side).

g. The use of headphones or earphones while driving a motorcycle or moped on Army installation roads and streets is prohibited.

2-56. Traffic Rules for Bicyclists.

a. Bicyclists are required to obey all traffic signals, signs and devices except when dismounted, at which time the rules pertaining to pedestrians will apply.

b. A bicyclist will ride as near to the right of the roadway as practical, exercising caution when passing a standing vehicle or one proceeding in the same lane.

c. A bicyclist emerging from a driveway or alleyway will come to a complete stop and yield the right-of-way of approaching traffic.

d. Bicyclists will not ride two abreast.

e. A bicycle being used at night will be equipped with a suitable headlight and tail light or red reflector.

f. Every bicycle must be equipped with working brakes.

g. Riding double on a bicycle is prohibited with the exception of tandem built bicycles; however, child carriers are authorized.

h. Bicycle riders will wear an approved helmet and are encouraged to use other protective equipment.

i. Bicyclists are prohibited from wearing headphones or earphones.

j. Bicyclists are required to ride with the flow of traffic and use appropriate hand and arm signals when turning.

2-57. In-line Skating/Skateboarding. In-line Skating/Skateboarding is prohibited in the following JBM-HH areas:

a. JBM-HH: Sheridan Avenue, Jackson Avenue, Carpenter Road, Marshall Drive, and McNair Road (from Lee Avenue to Carpenter Road).

b. Fort McNair: Vicinity of 2nd Street Gate, P-Street Gate, A Street West of Third Avenue (skaters must be on the sidewalk), and First Avenue North of B Street.

c. On occasion, during ceremonies/events, in-line skating and skateboarding may be totally prohibited within JBM-HH for a short period of time. This will be monitored by the law enforcement officials.

d. In-line skaters and skateboarders must obey the posted speed limit and directional/traffic signals and signs. Personal protective equipment must be worn at all times, to include a helmet, elbow pads, knee pads, wrist guards, and gloves.

e. In-line skaters and skateboarders are prohibited from wearing headphones or earphones.

2-58. Traffic Rules for Pedestrians.

a. Pedestrians will obey all traffic control devices unless otherwise directed by law enforcement personnel.

b. No pedestrian will leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impractical and/or unsafe for the driver to yield.

c. Pedestrians will use crosswalks when available to cross streets. Where sidewalks are not provided, pedestrians will walk on the left side of the roadway facing approaching traffic. Pedestrians walking on roadways where sidewalks are not provided will yield right of way to all traffic upon the roadway.

d. The driver of a vehicle emerging or entering an alley, building entrance, private road or driveway will yield the right of way to any pedestrian approaching any sidewalk extending across such alley, building entrance, road or driveway.

e. Children are prohibited from playing on roadways.

f. All personnel conducting physical training, jogging, running or walking on installation roads and streets are prohibited from wearing headphones or earphones.

2-59. Accidents. The operator or owner of a vehicle involved in an accident will stop immediately as close to the scene as possible without obstructing traffic. The operator will:

a. Render reasonable assistance to any person injured.

b. Report the accident to law enforcement personnel giving name, rank, social security number, organization, and location of the accident. In cases involving civilian employees, the above will apply with the along with their immediate supervisor. Civilians with no government affiliation will provide their name, social security number, address, phone number with drivers license, registration and proof of insurance.

c. Remain at the scene until released by law enforcement personnel.

d. The driver or owner of any vehicle involved in an accident will give name, address, and vehicle license number, and exhibit his operator's license upon request to any person injured; to any occupant of the vehicle collided with; or to any person acting for such persons.

e. The driver of a vehicle, which has damaged an unattended vehicle will stop immediately and attempt to locate the owner. If the owner cannot be located, the driver of the vehicle will place a written notice containing his/her name, address, and phone number in a conspicuous place on the other vehicle. The driver will also provide a written statement of the circumstances and report the incident to law enforcement personnel as soon as possible.

f. If the accident involves on-duty personnel or Government vehicles or property damage, the accident scene will be left intact pending arrival of law enforcement personnel.

2-60. Cellular Telephones. Motorists operating a motor vehicle within JBM-HH are prohibited from operating a cellular telephone while the vehicle is in motion unless the operator is using a device that allows for hands free operation.

Section II**Terms****Abandoned Vehicles.**

Any vehicle that is not moved within 72 hours, has not had noted deficiencies corrected within the prescribed time (normally 72 hours from notification), and vehicles left unattended on emergency routes or otherwise posing an immediate safety hazard as determined by law enforcement officials.

Authorized Emergency Vehicles.

Vehicles of the Fire Department, DA Civilian Police, ambulances, explosive ordinance disposal unit, and other emergency vehicles designated or authorized by the Joint Base Commander. All warning lights will be visible from the front for a distance of not less than 300 feet when lighted.

Cycles.

Any vehicle propelled by other than human power, including motorcycles, motor scooters, and motor driven bicycles, having a seat or saddle for use by the operator, and so constructed to use not more than three wheels (regardless of diameter), excluding a tractor, in contact with the surface traveled upon and any four-wheeled vehicle weighting less than 500 pounds and equipped with an engine of less than six horsepower.

Bicycles.

Only those devices propelled by human power, having two or more wheels and a seat height of more than 25" from the ground when adjusted to its maximum height. A bicycle will be a vehicle when operated upon a roadway.

Reflective Sticker.

A reflective sticker, bearing letters and numbers, for display on a motor vehicle.

License to Operate Motor Vehicles.

Any official permit, license, or other documents issued under the laws of any state, the District of Columbia, any territory of the United States, or by any agency of the United States Government, evidencing by possession thereof, that the bearer has qualified as an operator of a specific type vehicle within the category of motor vehicles.

Local Streets.

All streets designated as other than arterial and collector streets on the comprehensive plan of the government.

No Thoroughfare Streets (Restricted Area).

All streets so designated are limited exclusively to use by residents of such areas, by visitors to residents of such areas, by commercial service representatives permitted to serve or called by residents of such areas, or by authorized persons working or training in such areas.

Official Sign.

A sign that meets the standard set forth by the Uniform Manual of Traffic Control Devices and is posted by the Department of Public Works or law enforcement officials.

On-post Driving Privileges.

The privilege to operate any privately owned vehicle on the installation granted by the Joint Base Commander.

Operator-Driver.

Any person engaged in driving, operating, steering, or otherwise exercising physical control over any vehicle, whether propelled by human power or by other means. This includes persons controlling a vehicle while it is being pushed or towed, regardless of where such control is exercised.

Parking-Standing.

The halting of any vehicles, other than temporarily, while actually engaged in loading or unloading merchandise or passengers, whether or not the vehicle is occupied.

Pedestrian.

Any person afoot, including members of a military formation, upon any sidewalk, crosswalk or roadway, whether alone or in a group.

Point System.

An administrative aid for evaluating driving performance by assessment of weighted point values for traffic violations.

Privately Owned Vehicle (POV).

Those vehicles belonging to individuals (who hold the legal title), firms, co-partnerships, associations, companies, corporations, or other legal entities, which may be transported or drawn upon a highway, except devices moved by human power. Vehicles belonging to US Government military forces or other US agencies are not POV.

Public Property.

Property owned by the government that has been dedicated to public use and to which the general public is generally permitted.

Recreational Vehicle.

Any vehicle which is built on a single chassis, 400 square feet or less when measured at the largest horizontal projection, self-propelled or permanently towable by a light duty truck, and designed primarily for use as temporary living quarters for recreational, camping, travel or seasonal use.

Registration Certificate.

A certificate or other document issued under the laws of any State, the District of Columbia, any territory of the United States, or by any agency of the United States Government, evidencing by possession thereof that a specific vehicle is registered lawfully and for the period specified on such certificate or document.

Registration Plate (State License Tag).

A plate, sign, or other device bearing either numbers or letters and numbers for display on the front and/or rear of a specific vehicle to indicate it is property registered with the respective state motor vehicle office.

Reservation.

The terms "reservation" and "installation" when used in this regulation will apply to the entire area within the recorded boundaries of the JBM-HH community and all roadways and streets located therein to include concurrent jurisdiction areas.

Revocation or Suspension and Registration/Termination of On-Post Driving Privileges.

The withdrawal by proper authority of any vehicle's registration (post); such action immediately terminates the registrant's privilege to operate a vehicle on JBM-HH installations.

Right-of-Way.

The privilege of immediate use of the roadway. The right of one vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed, and proximity as to give rise to danger of collision unless one grants precedence to the other.

Roadway.

That portion, exclusive of the berms, curbs, or shoulders of every street, road and highway intended and constructed for vehicular traffic.

School Bus.

Any motor vehicle other than station wagon, automobile, truck, or commercial bus, used for the transportation of school children, bearing markings indicating and painted yellow for the purpose of which used.

Snow Emergency Push Area.

Those streets marked as such in accordance with the provisions of this regulation.

Snow Emergency Route.

Those streets marked as such in accordance with the provisions of this regulation.

Snow Tires.

Any tires mounted on drive wheels of motor vehicles which are especially designed to give effective traction on snow-, mud- or ice-covered streets, by means of radial tire construction or extra-heavy-duty treads with special high-traction patterns; except that no tire so defined shall be construed to be a snow tire if it is damaged or worn to the extent that its performance would be substantially impaired.

Stop.

The complete cessation of all movement.

Tire chains.

Any metal chains mounted on drive wheel tires of motor vehicles, which cross the tread of each tire laterally in at least three different places.

Traffic.

Pedestrians, vehicles, and conveyances while traveling on a roadway/highway, either singularly or in groups.

Trailer.

Any vehicle on wheels, not powered by any type of internal combustion engine or electric motor, of any design which is used or may be used for commercial or private hauling or storage purposes and is intended to be towed or attached to a motor vehicle, not including watercraft trailers, and travel trailers.

Travel Trailer.

A vehicle designed to provide temporary living quarters of such size or weight as not to require special highway movement permits when towed by a motor vehicle and having a gross trailer area less than 320 square feet.

Vehicle-Motor Vehicle.

Every device, in, upon, or by which any person or property is or may be transported or drawn upon highway, excepting devices moved by human power and any structure designed for loading on to or off of a motor vehicle to provide a mobile dwelling.

Visitor.

Persons within the boundaries of the installation for short periods of time who are a guest of, or visitor to, activities or persons assigned to JBM-HH and who are without official affiliation or commercial interest therein, including retired military personnel, sightseers, and military dependents whose sponsors are stationed elsewhere, but excluding those persons in the process of reporting to or departing an assignment to JBM-HH.

Watercraft Trailer.

Any new or used trailer specifically designed to carry a watercraft or a motorboat.

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Joint Base Myer-Henderson Hall (JBM-HH) Policy Memorandum ES-5,
Three Strike Driving Suspension Policy

1. REFERENCE.

a. AR 190-5, Motor Vehicle Traffic Supervision, dated 8 July 1988.

b. JBM-HH Regulation 190-15, Joint Base Myer-Henderson Hall Uniform Traffic Policy, dated -----.

2. PURPOSE. This memorandum sets forth the guidelines concerning the process for any person on FMMC receiving a parking or moving violation. This further explains the proper procedures for anyone receiving three or more tickets in a one-year period.

3. APPLICABILITY. This policy applies to military personnel, family members, retirees, and civilian employee and visitors to JMB-HH.

4. POLICY. Individuals who repeatedly violate post traffic or parking regulations or policies will be subject to corrective action as stated in paragraph 5. of this policy.

5. PROCEDURES.

a. Soldier or Civilian receives a ticket (CVB - Magistrate Ticket, or DD Form 1408 - Armed Forces ticket) for parking or a moving violation.

b. A copy of the ticket is immediately forwarded to the Directorate of Emergency Services, Administration Section, where the ticket and violator are logged into the data bank.

c. When any Soldier or Civilian receives three or more violation notices**, the Director of Emergency Services/Chief of Police shall forward a letter to the violators commander or civilian

IMNE-MHH-ES

SUBJECT: Joint Base Myer-Henderson Hall (JBM-HH) Policy Memorandum ES-5,
Three Strike Driving Suspension Policy

supervisor notifying them that under the "Three Strikes" policy, their subordinate's privilege to operate a motor vehicle on JBM-HH is suspended for one year. They are further instructed to have the violator sign the suspension document and hand-carry it to the DES Administration Section. When the signed document is given to the DES Administration Section, the violator will also have their JBM-HH Installation Sticker removed from any vehicle which they have registered, and those stickers will be attached to the suspension document and filed.

d. A copy of the Suspension Order will be sent to the Commanding Officer or Civilian Supervisor notifying them of the impending suspension action.

e. ****NOTE**** Any Soldier or Civilian receiving more than one violation notice at the same time, i.e., speeding, defective equipment, will count as one total violation for the purposes of the "Three Strikes" policy.

f. When any Soldier or Civilian is served a suspension letter for three strikes, they have the right to request an administrative hearing to contest the action. If a hearing is requested, they have the right to be represented by counsel and to present evidence and witnesses at their own expense. To schedule a hearing with the review officer, they must contact the Provost Marshal Office (PMO) at 703-696-3197, within fourteen (14) working days of receipt of the notice. If the PMO is not contacted by the close of business on the fourteenth (14th) working day, they will have forfeited the right to a hearing.

6. Proponent. The proponent for this policy is the JBM-HH Provost Marshal Office. POC is the Chief of Police at commercial (703) 696-3197, DSN 426-3197.

CARL R. COFFMAN, JR

Commanding

DISTRIBUTION:

Annex B

Driving Suspension Process

Below is the process for any person on JBM-HH receiving a parking or moving violation. This further explains the process of the "Three Strikes" policy, and proper procedures for anyone receiving three or more tickets in a one-year period.

1. Service member or civilian receives a ticket (CVB-Magistrate Ticket, or DD Form 1408-Armed Forces Traffic Ticket) for parking or a moving violation.
2. A copy of the ticket is immediately forwarded to the Traffic Section, Directorate of Emergency Services, where the ticket and violator are logged into the data bank.
3. When any service member or civilian receives three or more violation notices**, the DES shall forward a letter to the violator's commander or civilian supervisor notifying them that under the "Three Strikes" policy, their subordinate's privilege to operate a motor vehicle on JBM-HH is suspended for one year. They are further instructed to have the violator sign the suspension document and hand-carry it to the DES Administration Section. When the signed document is given to the DES Administration Section, the violator will also have their JBM-HH Installation Sticker removed from any vehicle which they have registered, and those stickers will be attached to the suspension document and filed.
4. A copy of the Suspension Order will be sent to the Commanding Officer, and courtesy copied to the Senior Commanding Officer or Civilian Supervisor, the Joint Base Commander and Joint Base Command Sergeants Major, notifying them of the impending suspension action.
5. **NOTE** Any service member or civilian receiving more than one violation notice at the same time, (e.g., speeding, defective equipment, etc.) will count as one total violation for the purposes of the "Three Strikes" policy.
6. When any service member or civilian is served a suspension letter for three strikes, they have the right to request an administrative hearing to contest the action. If a hearing is requested, they have the right to be represented by counsel and to present evidence and witnesses at their own expense. To schedule a hearing with the review officer, they must contact the DES/PM at 703-696-3197, within 14 working days of receipt of the notice. If the Director/PM is not contacted by the close of business on the 14th working day, they will have forfeited the right to a hearing.
