www.dllr.state.md.us/poac for links to downloadable websites for recruiters, agencies, and employers.

Below are useful websites, categorized by several specialties, military transitioning, security clearance, federal employment, salary, interviewing, cost of living, IT, and general interest.

For Salary and Negotiations information Gallison offered: http://salary.com/salary/layoutscripts/sall_display.asp; and <http://drewsoftware.com/Download.html>; <http://queendom.com/test/>.

For companies that require security clearances it is strongly recommended that the following format be incorporated into your resume. In your "Heading" (your name, street address, city and telephone) be sure to show your e-mail address and your security clearance immediately below. These are the first two items the recruiter and the company want to know whether at a job fair, when pulling your resume off the web or when you send your resume electronically, by fax or snail-mail.

Check www.InformationCareers.com for IT opportunities outside of the areas requiring security clearances. More and more opportunities are being identified in Competitive Marketing, Information Management and Knowledge Management fields. Currently those without clearances will need to show previously held positions that required a clearance. Check www.IntelligenceCareers.com for positions listings. The latest edition to this family of websites is www.ThinkingJobs.com, a site for opportunities that do not require a security clearance.

Another excellent resource for the Job Seeker is www.careerxroads.com for the quality information on web sites, and also for niche sites and the Nonprofit arena. When looking at Nonprofits and you require financial information go to www.guidestar.org.

A site for Technology Professionals that lists technical groups and their meetings, by geographic or subject area is www.JobCircle.com/public/events.

A site for nonprofits, their management, general data and salary information is BoardSource, formerly the National Center for Nonprofit Boards, is www.boardsource.org.

Check out the web site www.idealists.org for quality information and periodic Job Fairs for the Nonprofit arena usually scheduled with area colleges and universities. You can also post your resume with this site.

For Job seekers both in and outside the Washington/Baltimore area that are looking for listings outside the mid-Atlantic area, check the listed career fair providers for the listings of their scheduled career fairs across the US.

The individual's MOS replaces the "XXX" in the preceding example. In other words, the service member whose MOS is 2891 would key into the browser the URL www.2891.jobs to see what opportunities can be found in the private sector.

Websites Offering Translation of Military MOS/MOSC/MOC Ratings

A strong caution here: Never, never just use the translation but start with that information, then research the company and see how what you actually have done and/or been doing fits in with what the company is doing, particularly where they have job posting along the line of what you actually do. Also, ask former members of your unit or larger grouping what they are doing with what they did.

CareerOne Stop www.careerinfonet.org/moc Brings up careeronestop. Center of the page asks the transitioning service member to enter the MOC (Military Occupational Classification/code). Options or supplements to the MOC are Keyword Search and/or Menu Search by using service member's military title, or branch of service. CareerOneStop services the five DoD Services but does not cover the NOAA or USPHS.

DoL Military to Civilian Occupation Translator www.acinet.org/acinet/moc/default.aspx?nodeid=213 is the U.S. Department of Labor's translator of Military to Civilian information. This site is also the sponsor of the O*Net Military Skills Translator, <http://online.onetcenter.org/crosswalklisted> below.

Military.com www.military.com/veteran-jobs/skills-translator is viewed by many as a most user friendly site. On accessing the site viewer is asked for branch of service, pay grade and military job title (MOS/MOSC/MOC) MOC Rating Designator. Sub specialties and training are then asked for to allow for more customized search for potential matches. **Considered the top translator by military recruiters and veterans.**

Military2FedJobs www.Mil2FedJobs.com is similar to the other links in this section in that it offers assistance in identifying federal job characteristics such as pay, grade, and duties.

Onetonline.org www.onetonline.org/crosswalk offers options for search words or identifiers. Gives an example for each option. Some onsite commentators have offered that for those holding combat arms MOCs the search is less helpful, even with the use of sub specialties. **Unable to confirm commentary.**

VA's Fed for Vets <http://mst.vaforvets.va.gov/mst/va/> brings up the VA page "Fed for Vets" powered by the VA for Veterans. The user has options at the top of the page that begin with Military Skills Translator; then Resume Builder; Career Assessment, Coaching, Job Search, Resources, and Need Help? Branch of service is required, then Pay Grad and third the Military Job Title. For this site to be effective the user must have an eBenefits Account Number. This can be obtained at: <https://ebenefits.va.gov/benefits-portal>.

This includes Federal, State and local government agencies and veteran service organizations. Additionally, non-profit and community-based organizations, academic institutions and professional associations are also linked to the site. The visitor can best use the site by identifying what is being looked for or sought, then using the options focused to that need. This site is a collaborative effort of the U.S. Defense Department, the Department of Veterans Affairs and the Department of Labor.

However, would encourage using the link above initially in your search for opportunities with the federal sector. This site also has link to Education and Training opportunities.

Every Government resume should be focused to the specific position being sought. Be aware of, and use where appropriate, the qualifications noted in the Federal Qualification Standards, guided by the Series and Grade being applied to.
