

Employee “Tell the Commander”

Voice your suggestions and concerns - directly

Joint Base Myer- Henderson Hall

Employee Tell the Commander

With a team of resource management savvy and technically competent DoD professionals, establish JBM-HH as DoD’s premier provider of consistent, quality services that enhance readiness and the overall well-being of our customers.

We must be...

Experts at what we do... constantly improving our skills and knowledge

Focused... set priorities and complete the mission

Committed... to the mission and each other, fostering a community of excellence

Professional/respectful ... remain calm, even when others are not... count on each other at all times, treating everyone with dignity and respect.

**Army Strong
Semper Fi**

The Joint Base-Myer Henderson Hall Commander wants to hear your ideas, suggestions and concerns.

JBM-HH has initiated a program to enable JBM-HH employees to express their suggestions and concerns directly to the Joint Base Commander by going online.

“I want JBM-HH employees to know they have a voice,” said Col. Fern O. Sumpter. “Sending suggestions or concerns directly to me via the website is an effective way for our personnel to help JBM-HH do a better job. “

To get your voice heard click the link ‘**Employee Tell the Commander.**’ When the “send” button is clicked, the information is sent directly to the Joint Base Commander. If accessing this document from a non-DoD computer please leave your contact information, so the issue can be dealt with swiftly and directly.

“I want your input,” said Sumpter. “It’s very important that we receive your contact information so we can follow through and follow-up.”

***Employee Tell the Commander is designated for Servicemembers and employees of JBM-HH. Customers of JBM-HH can access ‘ICE’ (Interactive Customer Evaluation) at the following link on our website http://ice.disa.mil/index.cfm?fa=site&site_id=356 to provide feedback on specific services.**
