### What is the VEC?

The VEC is the federal government's single authoritative internet source for connecting transitioning Servicemembers, Veterans and their families to meaningful career opportunities. The VEC is the first government-wide product that brings together a reputable cadre of public and private employers with real job opportunities, and provides transitioning Servicemembers, Veterans and their families with the tools to translate their military skills into plain language and build a profile that can be shared – in real time – with employers who have made a public commitment to hire Veterans. In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Departments of Veterans Affairs, Labor, Defense and Education, the Small Business Administration and the Office of Personnel Management, collaborated to design and develop the VEC to incorporate the best features of existing online employment tools.
